

Speaker Request:

While we can't meet every request, at the Center, we do our best to fulfill as many speaking requests as possible. If you would like to request a speaker on fracking, we have an interactive PowerPoint presentation that we've given out across the state and can adapt to fit the needs of your community. Please provide the following information to Rose Braz, Climate Campaign Director (rbraz@biologicaldiversity.org or 415-436-9682 ext. 319) to request a speaker. We'll get back to you as soon as possible.
